

NOT JUST RACING

Safe driving courses, track days, product testing, events, corporate events, open days: Modena Autodrome is open to many experiences involving enthusiasts in the widest sense. Not forgetting women and young children.

Car and bike track days

Open days at Modena Autodrome are exciting opportunities to drive cars and bikes on the track in complete safety.

Product testing

The circuit is available to car and bike racing teams and manufacturers to dynamically test products in the development phase.

Events, corporate events and team-building

Drivers and professional instructors, GT and sports cars, thrilling laps of the track and skills tests: for unforgettable events.

Lamborghini Huracán Super Trofeo

Drive around the track in a sports car

The Autodrome also offers the chance to book and hire sports cars to drive around the track and experience a high-performance thrill.

Classic cars and motorcycles

Modena Autodrome hosts classic and vintage car and motorcycle rallies, for a trip down memory lane in the modern surroundings of the circuit.

Lamborghini Gallardo Supertrofeo

Ferrari 458 Challenge

Ktm X-Bow

DRIVING COURSES

Modena Autodrome promotes sustainable mobility: ecological driving courses, eco-marathons for zero-emission vehicles and conventions, but also sporting events where the human body is the only "engine" competing; these are some of the initiatives which characterise this young and efficient organisation. The infrastructure for the performance of dynamic testing is equipped to safely reproduce the most common unpredictable events that occur while driving: oversteering and understeering, sudden braking and unexpected obstacles. What's more, training courses can be customised based on the specific needs of the customer.

CORPORATE EVENTS

You'll find room for any event within the facility: conference room with video-projector and sound equipment; dining room with a track view; heated garages.

The Green Circuit

Safe driving center

A TECHNICAL, SAFE AND FUN TRACK

The widest in Italy: 12 metres along the whole length. Thrilling curves, fast straights and above all changes in height make this circuit particularly interesting for both cars and bikes. 2.068 km of track on which to let engines race for an amazing sense of freedom, in complete safety.

- Circuit length: 2.068 km
- Width: 12 metres along the whole length
- Wide asphalt and gravel escape routes
- Pit lane with 21 garages
- Wi-Fi Service
- Telemetry system
- Equipped paddock

THE AMUSEMENT PARK FOR MOTOR ENTHUSIASTS

Pure adrenaline, passion and fun. Modena Autodrome is the ideal place to try out your own sports car, tune your bike, and experience the thrill of driving at full throttle in complete safety.

In the heart of Modena, dedicated to motor enthusiasts and the whole family.

HOW TO GET THERE

Modena Autodrome is located just 3 minutes from Via Emilia and is easy to reach. The adjacent flying club enables you to reach the track directly by helicopter or private aircraft.

- Take the Modena Nord exit from Autostrada (Motorway) A1.
- Follow the "Tangenziale" towards Maranello.
- Take exit no. 16, towards Milan, Reggio Emilia.
- Continue on Via Emilia Ovest for around 3.5 km.
- At the Marzaglia roundabout (on Via Emilia) take the third exit onto "Strada Marzaglia Nuova".
- Continue for about 1.4 km, turn left onto Strada Pomposiana and continue for around 1 km.
